

Dear Valued Partners/Guests,

First of all, I would like to express my sincere appreciation for choosing The Samaya Ubud and especially Swept Away Restaurant as your dining venue while you are in Bali.

I wish to inform you that we will be upgrading the lower deck that is situated close to the Ayung River at our "Swept Away" Restaurant start from March 26th, 2016 for approximately 3 weeks.

All dining activities during lunch until dinner will be concentrated in the middle and upper level of the restaurant. Meanwhile, all special dinner venues will still be available to cater your special occasions.

During this work we will do our very best to minimize any disturbances. The schedule time of work for the contractors is 10.00am - 17.00pm and apologies for any inconvenience this may cause.

For further information, please do not hesitate to contact myself or anyone of my team. Thank you in advance for your understanding and we are looking forward for your visit to Swept Away Restaurant at The Samaya Ubud.

Ubud, March 19th, 2016

Warm Regards,  
Hotel Manager

Wayan Suambara
